

A Lasting Legacy

Dedicating the Our House, Atlanta Dining Room to Jovita Moore

Jovita served as a member of the Our House Advisory Council since its inception in 2014. She was a member of Our House's Next Level, Deeper Impact, New Heights Comprehensive Fundraising Campaign Committee and served as Gala host for five consecutive years (including the first ever virtual Gala which she taped from the studios of WSB-TV). Jovita hosted Pamper Parties for the moms in the Our House Shelter twice a year securing stylists, barbers, makeup artists, photographers, and volunteers for childcare. She catered lunch and transformed the dining room into a space where moms could relax and be pampered.

Jovita spent countless hours supporting civic associations and non-profit organizations across metro Atlanta. She mentored students and sat on several boards of directors. Jovita was a devoted mom who considered her children her most important accomplishment. We are proud to honor Jovita's commitment to Our House and the Atlanta community.
